The City of Fallon, known as "The Oasis of Nevada", is a unique city in Northern Nevada of just over 9,000 residents that has owned and operated its own electric utility since 1911. The City's electric utility serves approximately 5,000 residential and commercial meters within its 3.8 square mile service territory utilizing approximately 47 miles of distribution lines. The City offers a safe, friendly and affordable community, dedicated to economic improvement, historical preservation, cultural diversity, education and the general well-being of its citizens and businesses. Northern Nevada communities still boast small town values and size while offering world class amenities, entertainment, arts and cultural events and adventures in the great outdoors including golfing, big game hunting, fishing, mountain and motocross biking and much more! Fallon is the perfect home for people that enjoy the outdoors, a close-knit community and a year-round calendar of special events. Fallon's quiet neighborhoods, welcoming residents and strong economy make it a place that people love to call home.

As a Journeyman Lineman, you will perform all classes of overhead and underground distribution line work along with managing Substation while working in a crew environment. Candidates, through training and experience, are required to demonstrate their knowledge of underground and overhead circuits, substations, and apparatus to test, maintain, and install duct line, cable, conduits, risers, Company-owned customer outdoor lighting equipment, circuit breakers, transformers, and associated equipment, substation equipment, and circuits. Along with other low voltage assignments. The job description contains all minimum eligibility requirements including education, employment, training and experience criteria, and whether equivalent factors will be recognized. This position has a six (6) month probationary period for new employees. The successful applicants must be willing to work overtime.
